

## Purchase Scott Paper and reap the rewards of these green purchasing programs!

Third party certification by the Environmental Choice™ program means your purchase of Scott Paper products entitles you to rewards under these 4 leading programs.

### LEED™ -EB points : ✓

LEED™ Materials Credit 4.1 gives points to a building using a combination of sustainable janitorial paper and cleaning products. Towels and Tissue alone will qualify for between 1 and 2 points if 30% to 60% of total paper, cleaning and trash bag purchases are from certified Scott Products.

### BOMA Go Green™ : ✓

Certified Embassy®, Esteem® and White Swan® products are not only high in recycled content but also avoid and reduce water pollution, energy use and emissions of greenhouse gases. These products help buildings meet BOMA Go Green mandatory requirement #6 to select and purchase materials that reduce impact on the environment.

### EPA Buy Recycled : ✓ +

Certified Embassy®, Esteem® and White Swan® products meet and exceed the recycled content requirements of the Environmental Protection Agency Comprehensive Procurement Guidelines and allow federal procurers to meet legislative requirements to purchase products with recovered content.

### Green Hotel Assn® : ✓

Certified Embassy®, Esteem® and White Swan® products conform to the "Guidelines & Ideas" for members to purchase paper products with recycled content.

Your commitment to green purchasing is good for the environment;  
good for your customers; good for business.
